## OVERVIEW

Welcome to **Orangebd** - a web solution company located in Dhaka. We provide a wide range of web solution and development services for all your business needs. From a simple one page web presence to full brochure websites. We also offer tailor made solutions for ecommerce, product databases, online booking systems, content management facilities and much, much more...

Our web development company adheres to blending innovative ideas with the broadly recognized ones, thus employing the best technologies for any of your projects.

If you feel your current website needs refreshed, we offer a full re-design service that addresses not only the appearance of the site but also the navigation, accessibility and usability issues and search engine performance. So whether you're just starting up and need a domain name and emails to conduct your business or are looking for a fully interactive site to offer your clients that extra service, or simply want a website you can maintain yourself, **Orangebd** can help.

## BUSINESS STRATEGY

We maintain the strategy to vertically integrate our core activities of the products and services. Therefore, **Orangebd** will continue its strategy of expanding and upgrading its activities in Bangladesh with strongly growing economies.

IT is no longer limited within its products and services. It has become the partner of everyday life as an essential. It relates to proper timing, understanding of one's need and communication to right persons in right manner, Feeling the pressure and its absorbance. Therefore **Orangebd** has come up with the blend of Business, Technology and support which has developed a team to satisfy the customer today, tomorrow and beyond.

The worldwide consolidation of the information technology is intensifying. Besides the established global competitors who are driving this process forward, there are more and more new large regional companies located in countries experiencing strong growth. **Orangebd** will play an active yet cautious role in this process of consolidation, on the basis of a solid balance sheet with significantly improved key financial ratios.

**Orangebd** has made a commitment to the development of economy and social responsibility. The competence and customer focus demonstrated by our employees form the basis for **Orangebd** long-term success and competitiveness. By helping our employees gain qualifications, we support an international business culture in which they are both challenged and supported.
